COMBINED ENGLISH/WRITING --

Writing (score range 2 to 12) --

The Combined English/Writing score ranges from 1 to 36 and is a combined measure of the Writing and English tests. The Writing score ranges from 2 to 12. Your ranks for these two scores are based on recent ACT-tested students who took the Writing test.

YOU DID NOT TAKE ACT'S OPTIONAL WRITING TEST ON THIS TEST DATE. INDIVIDUAL COLLEGES DETERMINE WHETHER THEY RECOMMEND OR REQUIRE WRITING SCORES. YOU CAN CHECK ACT'S WEBSITE WWW.ACTSTUDENT.ORG TO FIND OUT IF ANY COLLEGES YOU ARE INTERESTED IN RECOMMEND OR REQUIRE THE WRITING TEST. THE WEBSITE ALSO HAS INFORMATION ABOUT WHEN AND WHERE THE WRITING TEST IS OFFERED AND HOW TO REGISTER.

- ACT[®] test scores and the Composite score range from 1 to 36; subscores range from 1 to 18.
- Your Composite score is the average of your scores on the four subject area tests. Subscores do not necessarily add up to your score for a subject area test.
- Your ranks tell you the approximate percentages of recent high school graduates in the U.S. and your state who took the ACT and received scores that are the same as or lower than yours. A rank of 70, for example, means that 70% of students received scores that are the same as or lower than your score.
- Your test scores are only estimates, not precise measures, of your educational development. You will find more information about interpreting your scores in the booklet you received with this report and at www.actstudent.org.

Looking for more information about your individual strengths and test preparation?
Go to www.actstudent.org.

Your College Planning

Your scores from this test date are being reported to the colleges shown below. College planning information is provided for the first four choices you listed when you registered or tested. (Fifth and sixth choices, if any, appear just above your first choice.) To view additional college planning information or to send additional reports, visit www.actstudent.org.

College Name and Code		What is the profile of enrolled 1st-year students at this college?			Is the program of study you prefer offered?	What are the approximate annual tuition and fees?		What percent of 1st-year students receive financial aid based on:

THE OCCUPATIONAL FIELD YOU CHOSE IS IN CAREER AREA J:
COMPUTER & INFORMATION SPECIALTIES

RELATED OCCUPATIONS:
ACTUARY
ARCHIVIST/CURATOR
COMPUTER PROGRAMMER
COMPUTER SYSTEMS ANALYST
DATABASE ADMINISTRATOR
LIBRARY TECHNICIAN
OPERATIONS RESEARCH ANALYST
WEB SITE DEVELOPER

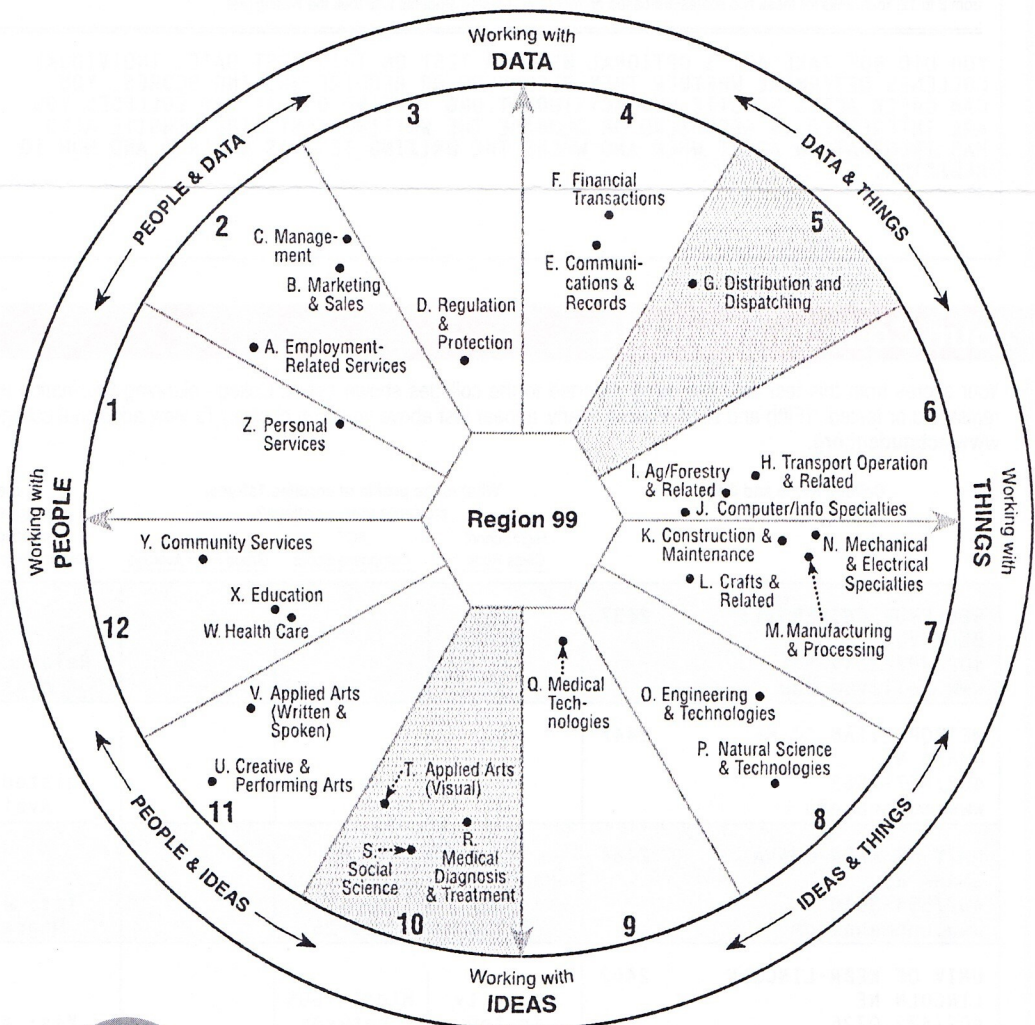

Your Guide to College and Career Planning

■ All college majors and occupations differ in how much they involve working with four basic work tasks: working with **People** (care, services), **Things** (machines, materials), **Data** (facts, records), and **Ideas** (theories, insights). These four basic work tasks are the compass points on the World-of-Work Map.

■ The map is divided into 12 regions, each with a different mix of work tasks. The map shows the locations of 26 occupational fields, called Career Areas (A-Z). Each Career Area contains many occupations that share similar work tasks.

*If no regions are shaded, you did not answer enough interest items to permit scoring.
